DAHLIA CULTURE

A Manual on Dahlia Growing
has been written by a practical
grower of long experience,
which I can recommend highly,
and it will be sent post-paid
for 25 cents.

...and me your order as soon as
I receive my catalog, as the demand for some
varieties often exceeds the supply, and those who
order early are less liable to disappointment than
if they waited till the rush at the time of planting.

ORDER EARLY.

If you do not want to spare all of the money to
send with the order, send the order along, togeth-
er with one quarter of the amount as a guarantee
of good faith, and the balance can be remitted
when you receive notice that your order is ready
to ship.

All orders will be shipped, either by Express or
Parcel Post, prepaid, about the middle of May.
But don't plant before June 10th.

It is well to mention the varieties that you are
willing to have substituted in case some of those
selected are all sold out. Or, if requested, I will
select such varieties as will substitute to best ad-
vantage. Otherwise, money sent for such bulbs
will be returned to the sender.

A pamphlet on the growing of dahlias will be
sent with order and each bulb will be labeled.

Plants are never sent in place of roots.

TERMS CASH invariably in advance, or I will send order C. O. D. if one quarter of the amount is sent when ordering.

I PREPAY CARRIAGE to any part of the United States.

THE BEST WAY TO SEND MONEY is by Registered Letter, Money Order, or Express Order.

DO NOT HESITATE to send small orders. An order for even one bulb will be carefully filled.

SIZE OF BULBS. Some varieties of dahlias always produce very small bulbs, or tubers, while other varieties make large ones. So do not consider small bulbs as worthless, for they are equally as good as the large ones.

I GUARANTEE EVERY BULB I sell to have at least one good sprouting eye, that will produce a good plant under proper care, but no warranty, as to description, quality or productiveness of bulbs is given, and I will not be responsible, in any way, for the crop. Of course, it is to my best interests to send out stock which is sure to grow and prove true to name and description, but unfavorable soil or weather conditions, too deep or shallow planting are causes of failure beyond my control, and I cannot guarantee success or replace bulbs which fail to grow, except at my option.

KLONDYKE. A clear yellow, with a vivid crimson-maroon blotch in the throat, a splendid free grower. 7c. each, 75c. per dozen.

MRS. FRANK PENDLETON. All experts agree that this is one of the finest varieties yet introduced. The flowers are of largest size, borne on strong, straight spikes. In color a lovely salmon-pink with brilliant, deep red blotches in the throat. A color combination rivalling many of the finest Orchids in its richness; exquisite in every way. 25c. each, \$2.50 per dozen.

MRS. FRANCIS KING. A striking shade of light scarlet or flame color; one of the most effective both in the border and when cut. 7c. each, 75c. per dozen.

NIAGRA. A charming variety, with all the good qualities of America, but of a delicate cream-yellow, lightly marked and splashed with rosy-carmine in the throat; very large, open flowers on tall straight spikes; beautiful as a cut-flower. 10c. each, \$1.00 per dozen.

PANAMA. An introduction of sterling merit, is a favorite wherever high grade varieties are grown. It is similar to and has all the good qualities of America, but in color is a rich rose-pink. Unquestionably one of the finest. 10c. each, \$1.00 per dozen.

PEACE. Immense pure white flowers with a touch of carmine in the lower petals. These are borne on tall, graceful spikes; a beautiful and exceedingly refined variety. 10c. each, \$1.00 per dozen.

PRINCEPS. Immense wide-open amaryllis-like flowers of a rich, dazzling scarlet marked with white on the lower portion, which serves to intensify the brilliancy of the scarlet. 10c. each, \$1.00 per dozen.
